* Note.—This Return has been compiled from Abstracts of the Population of Townlands and Towns prepared by the several Enumerators, which may hereafter be altered in some degree upon Revision, but it is apprehended that no change of any great importance will be necessary.

The Date of the present Census being 60 days earlier than that of the preceding—2,541 persons should be added to the gross population of 1841, that being the number of harvest labourers who in any ordinary year leave Ireland previous to the 7th June in that year. In this abstract, however, of a general system of Registration of Births and Deaths in Ireland the necessary adjustment in consequence of the change in the periods at which the Censuses of 1841 and 1851 were taken appears to be unnecessary.

Number of Persons in 1841 8,201,987
Ditto in 1851, ... 7,767,401

Number of Persons in 1841, ... 8,111,124
Ditto in 1851, ... 6,515,794
